District

Student Vote Canada — CIVIX.ca collaborated with Elections Canada to give students across Canada the opportunity to practice and learn from the voting experience during the 2021 federal election.

As of September 1, 2021 there were already 5,000 schools participating from across Canada, which included 10 schools in School District No. 60 (Alwin Holland Elementary, Anne Roberts Young Elementary, Baldonnel Elementary, Bert Ambrose Elementary, C.M. Finch Elementary, Charlie Lake Elementary, Duncan Cran Elementary, École Central

Elementary, Margaret 'Ma' Murray Community School, Prespatou Elem-Sec., Taylor Elementary, and Upper Halfway Elementary).

After learning about democracy and elections, researching the parties and platforms, and debating the future of the country, students from across Canada cast their ballots for the official candidates running in their school district's electoral district. Students ended up electing a Liberal minority government with the NDP as the official opposition. The complete results, including results by electoral district and school can be found [here](#).
