Numeracy Collaboration

***New District Problem Solving Assessment, Grades 3-5
Assessment Committee***

The District is seeking expressions of interest from district educators interested in participating in a committee that would provide input and feedback on the assessment of the draft problem solving rubric in grades 3-5 and create a district collection of samples.

The committee would work collaboratively to assess, discuss, analyze and provide input into the final rubric for this district assessment as well as select samples for a district collection of samples that reflect the levels of emerging, developing, proficient and extending.

"Take 3"

Charlie Lake Elementary

Hula Hoop Girl

Amanda Panda, the Hula Hoop Girl, came to our school to entertain us. Mr. Merhi and Mr. Clements joined her on stage for a hula hoop lesson as well.

Pumpkin Chuckin' Event

We also had a catapult and trebuchet parent/child pumpkin chuckin' event. The intermediate students all learned how to make a catapult in class and then were allowed to build one with their families to compete in the pumpkin chuckin' event.

The *Beattie* family built the trebuchet pictured below. It is weighted with water on one side and then sling shots the pumpkin back over it. It won with a distance of about 200 metres!

The *Rivers-Bowerman* family built the trebuchet pictured below and son, Davey, loads the pumpkin in preparation to chuck it.

Below are all of the family-built catapults and trebuchets.

It was really amazing!

Mrs. Shawna Hartman, Principal, Charlie Lake Elementary

Margaret 'Ma' Murray Community School

Our grades 4-6 students are learning the value of community with a leadership program called **EarlyAct** led by teachers, Mrs. Bracey and Mrs. Comber.

"We had heard that Meals on Wheels needed some help and we thought we'd help out" said teacher, Mrs. Bracey. "That's what we like to do at our school. We do a lot of fundraising, but this is the first time we've raised for Meals on Wheels and it's something we'd like to do annually."

The group also involves itself with other projects like the hospital foundation's Be An Angel campaign, writing cards to soldiers at Christmas, as well as fundraising for kids cancer, the Terry Fox Run and the SPCA.

Mrs. Kathy Scheck, Principal, MMMCS

Taylor Elementary

Annually students in Mrs. McDonell's classes place a stone with a poppy painted on it on veteran's graves. Approximately 16 graves had stones placed as part of the Remembrance Day ceremonies.

Robert Ogilvie Elementary

During their Remembrance Day assembly there was a presentation on some of the history of Canadian veterans and two classes presented poems to the entire school.

Some parents were in attendance and the ceremony was appreciated by all.
