TTOC List:

- September 17th was the first day that we were fully deployed with all available TTOC's.
- We have more TTOC's that will be becoming available as Winter comes in and more TTOC applications coming in and interviews happening.
- As of September 17th, 35 Certified and 30 Non-Certified TTOC's are on the list.

Teacher Recruitment:

- *Indeed Career Fairs* are doing well and have generated a few hires. We are able to replace some of our less successful fairs with these fairs resulting in less time away from the office and lower travel costs. Minimum of 3 positions filled through *Indeed Career Fairs*.
- Thanks to Alex Bacso, we have made strides in understanding and navigating immigration, which has opened the potential for a few more viable candidates.
- In September 2023, we had 8 enrolling vacancies.
- We had rural vacancies filled earlier this year than in previous years.

Parent-School Communications

Parents/caregivers are important partners when it comes to student success at school.

Positive communication between home and school creates a cohesive school community and positively impacts students' academic performance and attendance (Bergman, 2012).

Schools and families can work together to promote Social Emotional Learning in the classroom and at home through genuine school-family partnerships. This partnership involves two-way communication between teachers and families and the participation of family members in students' education both at home and in school (Casel, 2020).

For strategies and steps in working with your school, please see the linked document below.

Safe Access Zones 2024-2025

The Safe Access to Schools Act gives the Province the legal authority to prohibit people

from interfering with safe access to school grounds. This includes behaviour such as yelling that causes disruptions to school programs and activities or holding signs with slogans that cause concern for the safety of students and staff.

Access zones are in place at K-12 schools and police can arrest or issue tickets to anyone found impeding access, disrupting or interfering with educational activities, or attempting to intimidate an individual within 20 meters (66 feet) of school property. The zones will be in effect on school days from 7 a.m. until 6 p.m. and during extracurricular school activities at all of B.C.'s K-12 public and independent schools, with limited exceptions.

Truth & Reconciliation

Leadership Book Study of "Wayi Wah!" - Jo Chrona

The Leadership group is undertaking professional development with a book study throughout the school year.

Anti-Racism Initiatives

The Leadership group reviewed the teacher guide on anti-racism made available by the Ministry of Education and Child Care.

As a group, we started to look at how we are systematically responding to racism:

Bert Bowes Middle School

Design / Maker Day - Friday, Sept. 6th - Week #1 community builder activity

Classes were given boxes of materials and worked in small groups designing one of three items: a ferris wheel, a foosball table or a pinball machine.

Once created, students took their creations to the next level by challenging others around the school with their designs and functionality during an assembly in the gym.

There are plans to repeat this event throughout the year!
