**Goal # 1 Students will improve the meaning and form in their writing for at least 80% of our students.**

## **Rationale**

Students need to effectively communicate their ideas.

## **How will we know:**

Writing samples, cold writes, report cards, and FSA scores will improve.

**Goal # 2 The students will improve their number sense in reasoning and analyzing for at least 80% of our students.**

**Rationale:**

Number sense is the foundation to Math. Students need to improve their understanding in order to be able to reason and analyze complex questions.

**How will we know:**

Daily work, report card marks, FSA results and MAP assessments

**Goal # 3 Students will feel safe and cared for at school for at least 90% of our students.**

## **Rationale**

Students need to feel safe and cared for in order to learn.  
Students who feel that they belong feel safe.

## **How will we know:**

Connectedness survey, satisfaction surveys, and referrals.
